ONE BIG SMALL WORLD

This week when it seemed we were doing an especially large number of deals in many different countries I checked out where they were and found Korea, China, France, Japan, Russia, Dubai, Indonesia, Spain, England, Vietnam, Portugal, Brazil, Turkey, Egypt, Malaysia, Macedonia, Taiwan, Singapore, and Hong Kong. It certainly confirmed for me that we have the correct name - GlobalBookRights.com and are working in one big small world.

MORE AND MORE ALIKE

The most interesting part of all of our work is how so many publishers (and thus obviously readers) are wanting the same kinds of subjects.

EDUCATIONAL BOOKS

Foreign publishers are continually asking for Educational books from American publishers such as Prufrock Press and Great Potential Press.

Here are some of our most recent sales concerning gifted children from Dubai to Korea and in between:

- ✚ It's Alive!: It's Math Like You've Never Known It Before... and May Never Know It Again and It's Alive and Kicking: Math the Way it Ought to Be—Tough, Fun, and a Little Weird.
- ✚ Philosophy for Kids: 40 Fun Questions That Help You Wonder About Everything!
- ✚ The Ultimate Guide to Assistive Technology in Special Education: Resources for Education, Intervention, and Rehabilitation - by Joan Green.
- ✚ Models of Counseling Gifted Children, Adolescents, and Young Adults.
- ✚ Parenting Gifted Children: The Authoritative Guide from the National Association for Gifted Children.
- ✚ Educating for Creativity and Innovation: A Comprehensive Guide for Research-Based Practice.
- ✚ Gifted Children And Gifted Education: A Handbook For Teachers And Parents.

You can ask us where these books are still available or cruise the websites prufrock.com and greatpotentialpress.com.

BOOKS THAT HELP AND INSPIRE KIDS

[Mason Crest](#), an imprint of National Highlights, is known as the leading line of non-fiction, young adult, school and library books covering a variety of socially responsible, high-interest, and forward-thinking topics. Our recently completed deal of books from their series on famous people who only completed high school such as Harry Truman, Steve Jobs, and Mark Zuckerberg is inspiring. Check out their website Masoncrest.com and let us know about which of their many series are of interest to you.

Julia Cook's ***Building Relationships*** series published by [Boys Town Press](#) teaches kids how to get along with others and make friends. We've sold them in Asia and are now getting offers from Europe.

Barbara Esham's inspiring series, **The Adventures of Everyday Geniuses**, tells stories of students who struggle in some respects, while excelling in others. Rights have been sold in Japan. We first sold rights in China and are now completing a deal in Portugal. You can ask us for more details.

ADULTS ARE READING, TOO!

At the beginning of this newsletter I spoke of how busy we were and now having written about children's books, I'm going to wait till our next newsletter to tell you about how the same trend of one big small world is working with books for adults. Meanwhile, feel free to ask us about the books or series I've mentioned here or about books in these categories and we'll be happy to help you.

Here's wishing our American readers a great Memorial Day weekend and to them and the rest of our readers, here's wishing a very happy summer...
